

Environmental Community Festival

Brent Sustainability Forum invites you to the...

Environmental Community Festival and Annual Conference

On...

Thursday 25 February 2010

**between 17:00 – 18:30 at the Committee Rooms
1, 2 and 3 in Brent Town Hall.**

This festival is an opportunity to promote community groups, residents, organisations, colleges, businesses, etc. that deliver an environmental project or service. It will be a “speed dating” type festival whereby every stall has a short time to introduce themselves and ask for support.

This is an opportunity to share knowledge, skills and ideas. Please think of one thing you would ask for that will add most value to your project - Try and be specific.

You are also invited to stay for the Forum’s Project Review Session from 18:30-20:30.
